Subject: Reclamation Responsibility, Pitt Mining Co., Painted Rocks Mine, S/023/009,
Juab County, Utah

Dear Mr. Price:

Your correspondence dated September 3, 2004, indicated that reclamation was completed at the above-referenced mine site and you were requesting the site be closed. On June 22, 2005, an inspection was conducted at the site to evaluate the effectiveness of reclamation and determine whether or not the site could be released.

Based on the inspection (report enclosed), we have determined that the site cannot be released at this time. Unfortunately, the vegetation at the site consists primarily of weeds and does not meet the standard for revegetation success. Further efforts will need to be employed in order to achieve the vegetation necessary for site closure. Please contact us so that the appropriate plans can be made to rectify this situation.

In light of the fact that the site is still undergoing reclamation, the permit fees are still applicable. A billing statement is enclosed for \$300.00 (fiscal years 2004 -2005 and the upcoming year 2005-2006 which is due and payable by July 29,2005).

Thank you for your help in completing this project. If you have any questions, please call me at (801) 538-5325.

Sincerely,

Daron R. Haddock
